Rector
Polytechnic of Central London
309 Regent Street
LONDON W1R 8AL

Dear Rector,

Thank you for your letter of 5 June. I am pleased to hear that the Polish diplomats did so well during last year's training course. I was very impressed with the group when I met them last December.

I am sure it is because of the success which the course enjoyed that we have received numerous new requests for diplomatic training. I know you will not mind my saying that the high regard in which your Diplomatic Academy (and of course Dr Ayad) is held is due in no small measure to this success. As a result the Joint Assistance Unit is, as you are aware, arranging a larger course to be held later this year. We are near to finalising the competitive tender exercise and I would hope that you will know the outcome within the next week.

Yours sincerely
M L Tait
